Accredited by the National Hypnotherapy Society, our comprehensive Diploma programme is suitable for those who wish to add extra therapeutic interventions to their current skillset (for example dentists, doctors, nurses and therapists from other modalities), as well as those who are choosing hypnotherapy as a new career.

Our programme contains practical demonstrations, experiential learning and a full background of theoretical knowledge, which will include how to set up and run your practice. Small working groups will enable all students to benefit from individual attention and supervision to ensure that their personal and professional learning outcomes for the course are met. The ability to use Clinical Hypnosis in a safe, appropriate and client-focused manner is of paramount importance and this is emphasised throughout our training programmes.

Our 2018-19 Programme, comprising 22 days held over five modules, will take place on the following dates:

24-28 September 2018	Module I Hypnosis Foundation
5-9 November 2018	Module II Traditional Hypnosis & Hypnotherapy
18-22 March 2019	Module III Modern Hypnotherapy & Applications
10-14 June 2019	Module IV Clinical Applications
12-13 September 2019	Module V Final Assessment

Our Diploma Programme meets the UK National Occupational Standards for Hypnotherapy and is approved and accredited by the National Hypnotherapy Society; the largest independent professional hypnotherapy organisation in the UK. Academic qualifications are not a prerequisite for acceptance on the course. Students will be expected to demonstrate an open and enquiring mind and a commitment to learning and participation, together with a willingness to develop insight, self-awareness and reflexivity in the process of developing the client-therapist relationship.

Our venue for the classroom modules is our training room in the beautiful and peaceful village of Wykeham, near Scarborough, North Yorkshire. Accommodation is available at the nearby Downe Arms Hotel should you wish.

Your investment for this course is £4290.00 (no VAT) which includes all course manuals and assessments, together with refreshments and lunch each day.

A deposit of £400.00 secures your place. Early booking discount and interest-free payment plans are available.
